Fernadina Beach, 1:00 p.m. (CSA member’s home)

Local Pick up at the farm (for locals)

I understand that there will be no refunds. This is a reservation to grow food in the ground by row months in advance by the farmer for my share. I understand that if I do not pick up my share during the delivery times stated that it isn't owed to me a later time thru the segment. I will lose the share bag that was packed for my family and it will be given to another worthy recipient of the farmers choice. I do have the option to have someone pick up my share for me if I cannot. Coordinate groups to pick up if you cannot. Please let us know when you are going to be on vacation so we do not pack your bag. I understand that each week my share will include seasonal types of an amount of produce that is harvested. I understand that the risks of farming may occasionally reduce the share variety and portion. In the event of a weather catastrophe my share remaining allowance would be rolled into a credit to next seasons share if I choose to renew with deposit. The farm reserves the right to refuse service if a member will not comply with this contract. One work day would be welcomed per family to keep labor costs and food prices of boxes LOW.

Signature of member \_\_\_\_\_ dated \_\_\_\_\_ signature of Owner Magnolia Farms

The following people will be allowed to pick up my share if I cannot \_\_\_\_\_  
I am interested in helping with deliveries/or working the market for a discount.
