Local Farm Pick up for locals

I understand that there will be no refunds after January 30<sup>th</sup>, 2009. This is a reservation to grow food in the ground by row months in advance by the farmer for my share. I understand that if I do not pick up my share during the delivery times stated that it isn't owed to me a later time thru the segment. I will loose the share bag that was packed for my family and it will be given to another worthy recipient of the farmer's choice. I do have the option to have someone pick up my share for me if I cannot. (Coordinate groups to pick up if you cannot.) Please let us know when you are going to be on vacation. I understand that each week my share will include seasonal types of an amount of produce that is harvested. I understand that the risks of farming may occasionally reduce the share variety and portion. In the event of a weather catastrophe, my share remaining allowance would be rolled into a credit to next season's share if I choose to renew. The farmer reserves the right to refuse service if a member will not comply with this contract for reservation of share membership. One work day is required per family to keep labor costs and food prices of boxes down.

Signature of member \_\_\_\_\_ dated \_\_\_\_\_

Signature of Owner Magnolia Farms \_\_\_\_\_ dated \_\_\_\_\_

The following people will be allowed to pick up my share if I cannot:
